Kabul Medical

University

Academic Affairs

The Communication and

Public Awareness

Office

As a center of communication

and public awareness is

responsible to improve and

increase awareness,

understanding and support of

KMU's vision and continuously

innovate in this path.

Brief History

Center of communication and public awareness previously named Publication center was established within framework of medical faculty in 1956. The first publication of this center was Afghan medical journal that was a collection of research articles written and prepared by lecturers. Beside this brochures, textbooks and other formal documents can be designed in this center. From establishment up to now this center works to be able to publish academic and educational documents of KMU in a standardized form.

Afghan medical journal a quarterly published journal, during its history was recognized by different names as collection of articles, academic document, but on 1991 once again it was named Afghan medical journal that today it is a recognized journal in the Mediterranean countries level with this name.. It should be mentioned that an editor committee is working for editing this journal that have formal meetings on every month.

Main Responsibilities

- ◆ Collecting articles for meetings of editing committee and arranging the meeting of this committee.
- ◆ Designing and checking of journal for publishing .
- ◆ arranging seminars, workshops that are conducted in KMU.
- ◆ Preparing audio-visual reports of meetings and conferences.
- ◆ Participation in arranging the lecture rooms with modern technology with current facilities
- ◆ Communication with Media for publicity of KMU's achievements and activities.
- ◆ control of technical and IT services .
- ◆ Publishing lecture notes and other documents related to KMU and Teaching hospitals.
- ◆ Regulation of photos, documents and reports archives.

Achievements

From established upto now has great achievements in its different areas of its work as today reports and great achievements of KMU beside being published as a hard copy announced in the web .and banners are prepared as appropriate.

The soft copies of the articles are arranged according to the year and departments that the research has been performed.

KMU, and CEQA of KMU brochures are designed and printed .

Under supervision of editing committee of Afghan medical journal a guideline for written books and translation has been written that was approved officially by main board of KMU on 24.07.2016.
